Mr. Dick Spurrier.

Re;  
J.K. Wadley-S. Dysart #1 well  
in SW corner of Section 11,  
Twp 14 North, Range 10 West,  
McKinley County, New Mexico.

Dear Mr. Spurrier:-

Since I do not have your proper forms for giving notice of intention to plug well, I will give you all of the information that is usually required and hope that it will be acceptable to you in lieu of your regular form.

Our Intention to Drill this well was prepared and signed on November 17th, 1952 and was promptly, thereafter, approved by you. A rotary rig was moved to this location on November 19th, 1953. On November 30th, drilling was commenced and 62.15 feet of 9 5/8 surface pipe was set. Circulation was lost numerous times before we reached the depth of 813 feet. Contractor had a lot of rig trouble, the weather got very cold and so the well was filled, by Halliburton Cementing Co, from bottom to 276 feet with cement and we temporarily quit the well on December 15th, 1952.

On February 19th, 1953, we filled the hole with cement from a depth of 276 feet to a depth of 25 feet. On March 2nd, we moved a rotary rig to the location and resumed work. A water sand, the bottom of which, appeared to be at 765, kept taking up our mud so that we had a lot of trouble in keeping circulation. On March 16th, 1953, we run 813 feet of 20 lb 7 inch casing to the then bottom of the hole. We then resumed drilling and continued to drill until a depth of 2649 ft was reached. We did not encounter any show of oil or gas in any of the formation that were drilled through.

On March 31st, 1953, we decided to quit the well. It was left full of heavy mud. The surface pipe was left in the hole. The 813 feet of 7 inch was left in the hole and we put a 10 sack cement plug in the 7 inch casing. We have left the well in such condition so that if we should ever desire to drill the well deeper it can be done and if we never drill it deeper, we feel sure that the casing that is left in the hole will permanently protect the surface waters that may have been encountered in this hole.

Thank you for the courteous service you extended to us during the drilling of this well. I hope the above information may be accepted by your department in lieu of your regular forms.

Yours very truly,

J.K. Wadley

A handwritten signature in dark ink, appearing to read "J.K. Wadley". It is written over a line and has some additional scribbles below it.
