Hospah #32
C Sec 12, T17N, R9W

Dear Mr. Kendrick:

We are submitting the following packer leakage data on the referenced well. It is a 24 hour test taken on October 27, 1977 on the upper zone and October 26, 1977 on the lower zone.

UPPER ZONE:	Oil	27
	Water	43
	Gravity	31 @ 60 degrees
	Gas Vol	TSTM
LOWER ZONE:	Oil	40
	Water	232
	Gravity	26 @ 60 degrees
	Gas Vol	TSTM

In our opinion, this information indicates there is no communication between zones.

Yours very truly,

J. D. Hicks
