Re: Tenneco Oil Co., South Hospah Unit #23, K-12-17N-9W

Dear Mr. Ford:

We have a recent notice that the subject well has been dually completed and that water has been injected into the upper Gallup sand.

We have no approval of this well as an injection well.

We have no approval of this well as a dual completion.

We have no acreage dedication plat for the Dakota zone.

Therefore, we cannot approve the water injection into the Gallup or production from the Dakota until the above requirements have been met.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
Engineer, District #3
