Dear Mr. Birdseye:

Shut-in orders were posted on your Santa Fe Railroad Co. #3, P-21-20N-9W and Santa Fe Railroad Co. #6, M-22-20N-9W, Chaco Wash-Mesaverde Oil Pool on November 20, 1969, for reasons listed below:

Well #3- Form C-104 was approved in error. The well is not located in accordance with paragraph (3) of Order R-2112 since well #10 had prior C-104 approval. Form C-104 approved November 25, 1968, is hereby cancelled.

Well #6 - The well is not located according to Order R-2112. Form C-104 has not been approved and can not be until the well location has been approved as stated in Mr. E. C. Arnold's letter of September 10, 1969.

These wells shall remain shut-in until form C-104 has been approved.

If there are questions please contact us.

Yours very truly,
