Dear Mr. Beard:

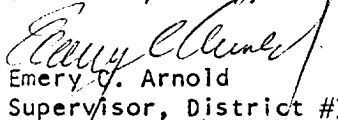

I was at the Lee Ranch at San Mateo yesterday checking on some current drilling operations there, and Mr. Harry Lee showed me a letter and Affidavit for Conversion to Water Well forms which you had sent to him. The information concerns the Fernandez #1 well in Section 12, Township 14 North, Range 8 West about which I had recently written you requesting final plugging reports.

Mr. Lee informed me that the well is being used as a water well and agreed to have his father sign the affidavit forms. As these forms are now evidently complete and properly executed, I am distributing one copy to you, one to Mr. Lee, one to our Santa Fe office and one to our file.

I will still need three copies of Form C-103 from you showing exactly where cement plugs were set.

Thank you.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
