Citation Oil and Gas Corp. had submitted notice of intent to plug and abandon the subject well in April, 1994. BC & D purchased the well in August, 1994. BC & D proposes to install production equipment and pump test. If the well produces in commercial quantities it will be placed on production. If the well is not a commercial producing well, BC & D will then continue with plans to plug and abandon. The test will begin immediately following the test of well #53, approximately August 15, 1995.
