Dear Mr. Fullop:

A field inspection of the location of the subject well was conducted May 24, 1973.

The location has not been cleared of such items as cans, bottles, oil filters, etc..

The pit has not been leveled.

Please advise this office if the pit is to be left at the request of the land owner.

Also, advise this office when the location has been cleared of all junk.

Yours very truly,
