Hospah #56
Sec 12, T17N, R9W

Dear Mr. Chavez:

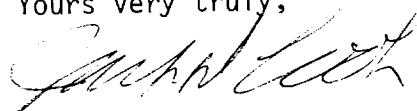

The referenced well is a water injection well. We are submitting the following packer leakage data from a test taken on December 15, 1980.

UPPER ZONE: obbls water
 0# pressure

LOWER ZONE: 1693 bbls water
 100# pressure

In our opinion, this information indicates there is no communication between zones.

Yours very truly,

Jack D. Cook
