17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was drilled to a total depth of 1293' to the bottom of the Dakota Formation. The Dakota top was 1081'. We spudded in the Massive Gallup and drilled through the base at 155'. We propose to set a cement plug from 1050' to the total depth of 1293' and a 50 foot plug from 120' to 170' and then a cement plug in the surface pipe and erect a dry hole marker. This work is to be performed on October 4, 1971.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
