17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any
proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones perti-
nent to this work.)*

This well is currently SI as being uneconomical due to low prices.

The wellbore is in sound mechanical condition and shows potential for remaining
reserves.

Citation, therefore, requests permission to leave this well shut-in in its present
condition until which time economics would dictate that this well be returned to
production.
