17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This well is currently SI as being uneconomical due to low prices.

The wellbore is in sound mechanical condition and shows potential for remaining reserves.

Citation, therefore, requests permission to leave this well shut-in in its present condition until which time economics would dictate that this well be returned to production.
