Re: Form C-104 for Drought-Booth 3-Y Well

Dear Mr. Blanks;

Your lease was recently inspected by our Oil & Gas Inspector, Mr. Charles Gholson, and he reported that you have temporarily abandoned your operation. Under the direction of rule 202 B (Temporary Abandonment), you must submit form C-103 requesting temporary abandonment for each well.

We are returning your form C-104 and are requesting form C-103 for temporary abandonment of the referenced well, you will also need a one well plugging bond for this well, because of your temporary abandonment status.

If you have any questions, please contact this office.

Yours truly,
