Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This well was plugged and abandoned on February 20, 1974. Cement plugs were set at the following depths:

100' across top of Entrada, 3600' to 3700'
100' across top of Dakota, 2340' to 2440'
100' across top of Hoshpah, 1400' to 1500'
100' across top of Upper Mancos, 400' to 500'
15 sacks at surface

Telephonic approval to plug the well in the foregoing manner was obtained from Mr. Jerry Long, USGS in Durango, Colorado.

A dry hole marker will be erected, the pits filled and the location restored.

18. I hereby certify that the foregoing is true and correct
