PLUG AND ABANDONMENT ☐

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Spudded 4/23/75. Drilled 6½ hole to 447 feet. Cored Core No. 1 447-63 and Core No. 2 463-473 in Menefee sand. Reamed to 6½" from 447' to 473' and drilled to 475'. Ran Century Geophysical Electric Log. Ran Lynes inflatable packer on 2 3/8 EUE tubing and swab tested for 3 days. Very little fluid entry. Swabbed mud and muddy water with rainbow show of oil. Unseated and retrieved packer. Spotted 5 sx cement plug at 425 feet. Temporarily abandon pending other planned drilled in the vicinity.

We may clean out and cement casing for an injection well in the future. If not we will plug and abandon.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
