Re: Crownpoint #1  
A-16-18N-12W

Dear Mr. Searcy:

A recent inspection reveals that the dry hole marker at the above referenced well does not show the legal description. Before the plugging bond is cancelled, you must complete this work.

Legal description must include operator, well name and number, quarter-quarter section, section, township and range and may be either welded or stenciled.

We have not inspected your Dome #1. If the same condition prevails, this will also apply to it.

Very truly yours,

A handwritten signature in cursive script, reading "Charles Gholson".

Charles Gholson  
Deputy Oil & Gas Inspector
