January 7, 1980

Mr. A. R. Kendrick  
Oil Conservation Division  
Energy and Minerals Department  
1000 Rio Brazos Road  
Aztec, New Mexico 87410

Dear Mr. Kendrick:

*A-4-15N-dw*

With reference to our Thomas Drought #1, McKinley County, New Mexico, you are advised that this well will be plugged in accordance with your letter of December 28, 1979. Our Mr. J. B. Fuller, however, requests an extension of ninety days from February 1, 1980 to perform such plugging operations. It will be necessary to do considerable road repair and construct an arroya crossing to reach the location, which work will be done as weather permits. Mr. Fuller is now involved in a development program in Ohio and an extension would assist him in arranging his schedule.

The Drought #1 is shut-in at present and will remain so until plugged.

Very truly yours,

MILES PRODUCTION COMPANY

*Steve Kirby*
