RE: Permit to Convert to Injection Wells Canceled

Dear Tom:

As per our conversation, the following wells were permitted and approved as converting to injection by Administrative Order #WFX-636 on September 15, 1992:

Santa Fe Pacific Railroad #24, A-29-16N-06W, 30-031-20605  
Santa Fe Pacific Railroad #26, A-29-16N-06W, 30-031-20607  
Santa Fe Pacific Railroad #39, D-28-16N-06W, 30-031-20679  
Santa Fe Pacific Railroad #53, K-21-16N-06W, 30-031-20702

Since this date, no conversion to injection has occurred with these wells; therefore, the permit to convert has been canceled.

If you have any questions, please feel free to contact this office.

Sincerely,

Ernest Cardona  
Deputy O&G Inspector
