Dear Mr. Chavez:

This letter serves to confirm our conversation of March 22, 1983, whereby I agreed to plug the oil well (Crown Point #1, F-18-18N-13W) in 60 days.

I have retained Cementers, Inc. of Farmington, New Mexico to do the work, provided that we have not decided to drill by that date.

Thank you for your time, if you have any questions, please feel free to write or phone at 1-(206)-693-3702, or 1-(206)573-3923.

Sincerely,

Gerald J. Prom
