In the matter of the hearing called by the Oil Conservation Division ("Division") on its own motion to permit the operator, Nerdhlic Company, Inc., and all other interested parties to appear and show cause why the following five wells in McKinley County, New Mexico, should not be plugged and abandoned in accordance with a Division-approved plugging program. Further, should the operator fail to properly plug any or all of said wells, the Division seeks an order directing the operator to pay the costs of such plugging and if failing to do so, ordering a forfeiture of the "blanket" cash plugging bond covering said wells and authorizing the Director of the Division to make demand upon United New Mexico Bank in Santa Fe, New Mexico to pay to the Division so much of the funds of the certificate of deposit given as collateral for said bond as is necessary to compensate the costs of plugging any or all of said wells:
