13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

The subject well was shut-in due to the low oil price in January, 1994. The well is capable of producing oil in commercial quantities and will be placed back on production. BC & D is requesting permission to leave well shut-in until the fourth quarter of 1995 when demand for oil has increased and the price of oil has escalated somewhat.
