Re: State #29, G-28-20N-09W

Dear Mr. Law:

I am returning the electric log for the referenced well because it has no headings or scales. Please resubmit the log with acceptable headings on it. Additionally, on the form C-103 that you submitted for the referenced well, you reported that the casing was cemented with 50 sacks of Class B cement. However, both forms C-104 and C-105 that you subsequently submitted show the casing cemented with 35 sacks. Please contact me so I can correct the discrepancy in the amount of cement.

Yours truly,

Carolyn J. Taplin
