Dear Mr. Chavez:

Pursuant to Rule 504 of the Statewide Rules for New Mexico we request permission to sell approximately 30 Bbls of oil from the captioned well. This request is necessary since the well is not presently completed as a producer and oil recovered during testing needs to be sold in order to release a rented test tank.

Mancos Corporation will be the transporter as indicated on Form C-104 on file with your office.

If further is required, please advise.

Yours truly,

  
Steven S. Dunn
