Re: Application for Administrative Approval of an
Unorthodox Location for Topographic Reasons

Attn: Mr. Ernie Busch

Dear Ernie:

Merrion Oil & Gas Corporation hereby requests administrative approval for the drilling of a development Entrada well on an unorthodox location for topographic reasons. The proposed location is 2310 feet from north line and 1250 feet from east line, Section 36, Township 20 North, Range 5 West, McKinley County, New Mexico.

As can be seen from the enclosed topographic map, an unorthodox location would allow us to avoid a large, rocky knoll that would create excessive expense in trying to level for a location.

The offsetting lease owners have been contacted by certified mail and the receipts should be forthcoming.

Your help and attention in this matter is greatly appreciated.

Sincerely,

Doug Endsley
Geologist
