Gentlemen:

Enclosed is your Application for Permit to Drill (APD) well No. 5 Corrales, NW/4SE/4, sec. 3, T. 20 N., R. 6 W., McKinley County, New Mexico, lease NM-53926. As discussed with Steve Dunn of your company on June 13, 1991, the subject APD is rescinded and returned due to drilling not being commenced within one year of the approval date.

You are required to request surface rehabilitation instructions from this office if construction activities occurred on the referenced drill sites. If this office does not receive comment within 30 days, we will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, may result in assessment of liquidated damages.

Sincerely,

/s/ Ken Townsend
