Dear Mr. Mason:

This letter is in response to your correspondence of October 9 and 19, 1987, concerning the abandonment of the AXI Apache A Nos. ④ & 7, AXI Apache H Nos. 6, 7, and 10, and AXI Apache C No. 1. We are not planning to plug these wells at the present time. We plan to continue production from these wells until those properties can be sold. Therefore, we request a cancellation of the Sundry Notices approving the abandonment of the subject wells.

Yours very truly,

Ed Kepford
