Dear Mr. Arnold:

I enclose herewith the original and four (4) copies of a Notice of Re-completion regarding the above captioned well.

As stated in said Notice, it is our intention to perforate an additional zone in the Pictured Cliffs Formation and sandfrac same and hope we are successful in obtaining more of a volume of gas than the well is now presently capable of producing.

As you are aware from reports filed with your office, this well had a very small potential and as it now stands, El Paso will not give us a contract for this well. It is our opinion that anything we can do to increase this production will be valuable.

Your immediate approval of the enclosed notice will be very much appreciated.

Very truly yours,

SHAR-ALAN OIL COMPANY
