Attn: Mr. R. F. McCarty

Dear Sir:

Reference is made to your letter of August 11, 1961 to Williams Petroleum Company regarding annual deliverability test on their Jicarilla #1 located in the NE $\frac{1}{4}$  Section 11-23N-4W.

This is to advise that approval is hereby granted for the release of this well from Shut-in for a 21-day period in order that a test may be conducted. The actual dates of scheduling should be arranged between the operator and the pipeline company.

Yours very truly

WILSON CONSERVATION COMMISSION  
1000 RIVIERA ROAD  
AZTEC, NEW MEXICO

Dear Sir:

Enclosed for you are two copies of the report of the Wilson Conservation Commission on the results of the survey of the Wilson River and its tributaries.

I am sure you will find it of interest.

Sincerely,  
Wilson

The report is a summary of the work done by the Wilson Conservation Commission during the past year. It contains a description of the river and its tributaries, a list of the plants and animals found, and a list of the places where they were found. It also contains a list of the places where the river and its tributaries are used for recreation.
