Dear Sir:

We have scheduled your Jicarilla No. 1, located in the NE of Section 11, T-23-N, R-4-W, twice for the Annual Deliverability test this year. Each time this well has been shut-in by the State and not released for test.

We are holding up re-scheduling this well for test until after you have obtained a release from the State of New Mexico Oil Conservation Commission. Please let us know when you wish this well to be scheduled.

Sincerely,

EL PASO NATURAL GAS COMPANY
