Mr. Ed W. Cannedy

Albuquerque, New Mexico

Dear Mr. Cannedy:

As agent for Mr. James T. Watson, you have not filed the required forms on his #1 Salasar well, located in SE/4 Sec 1-23N-R3E.

A letter was mailed from this office December 10, 1956, requesting Form C-103 (Miscellaneous Reports on Wells), and Form C-105 (Well Record).

This delay is abnormal.

These forms must be filed in the very near future.

Rule #202, of the "Rules and Regulations" requires that a well be plugged if drilling operations have been suspended for sixty days, unless a permit for temporary abandonment is obtained. Such permit cannot be granted by this office until we have the information on the well.

Yours very truly,

Emery C. Arnold
Supervisor, District #3
