Gentlemen:

We are enclosing five copies of Form C-104 (Request for Allowable and Authorization to Transport Oil & Gas).

Kindly process this Request at your earliest convenience.

The tabulation of deviation tests of this well will follow in a day or two. If anything else is needed, please call me collect. This is my first venture & experience in this area and would appreciate any help or suggestions.

Thank you.

Very truly yours,

Byron Oil Industries

P.S. I assume we are entitled to the top allowable for oil and gas in this Lybrook field (Gallup). Kindly advise if there is 40 or 80 acres spacing. We have put this well on 80 acres, pending our finding out what the top allowable is for either 40 or 80 acre spacing. Please advise.
