Re: Application for N. M. Standard Location
NE 1/4 Sec. 10, Twp. 23N, Rge. 4W
Rio Arriba County, New Mexico

Gentlemen:

We have applied to and received an authorization from the U.S.G.S. for an unorthodox location in Section, T23N, R4W, Rio Arriba County, This location to be 330' NL, 330' EL of the section.

The reason for this location being placed here is due to the very rough terrain as shown on the survey plat attached, and the location would not be economical for a standard location.

As shown by the attached plat, we control the leases to the north, northeast and have 1/2 interest in the lease to the east with Southern Union.

On September 18, 1972, we notified (via registered mail) Southern Union of this location and have requested that they approve this location. We have not heard from them to date.

Along with the ownership map, we are enclosing, survey plat, and Form 9-331 showing U.S.G.S. approval. Should you need any additional data for approval, please advise.

Sincerely,

CHACE OIL COMPANY, INC.
