Re: Subsequent Reports and Well Record Forms  
Greathouse Frank #2, C-10-23N-1W

Dear Mrs. Frank:

On September 23, 1974, we received Commission Form C-103, Sundry Notice, which reported that surface and production casing had been cemented in the above well. We have received no further information. If the well has been completed, please submit Commission Form C-105 giving completion details. If the well has not been completed, please file Commission form C-103 giving the present status of the well and future plans.

Thank you.

Yours very truly,

  
Emery C. Arnold
