Re: Juanita Frank
Greathouse #2
C-10-23N-1W

Dear Mrs. Frank:

We are in receipt of a copy of the Induction - Electric Log of the subject well along with copies of two geologic reports.

Under separate cover we are mailing forms C-103 and C-105. Copies of these reports showing the drilling history of the well must be approved prior to approval of form C-103 showing the approved plugging program.

We do plan to have a witness for the plugging operations as I stated in my letter of October 7, 1976.

In the absence of forms C-103 and C-105 showing the history of the well and a proposed plugging program on form C-103, we will make demand upon the bonding company on January 15, 1977, to properly plug and abandon the well.

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
