BCO, Inc., intends to install a separator on this well 6-8-76. This will enable us to salvage all liquids produced while well is cleaning up.

Potential gas purchasers have advised us that the well must be cleaned up before they can negotiate a gas contract with us. Results of the gas vented during the clean up period will be estimated and reported to the USGS and the New Mexico Oil Conservation Commission.

18. I hereby certify that the foregoing is true and correct
