Gentlemen:

Mobil Oil Corporation respectfully requests authority to drill the subject well. This location has been reviewed by the appropriate Federal Surface Agencies and is acceptable to them. Six copies each of the following documents are submitted in support of this request:

1. Form 9-331-C, Application to Drill, to which is attached:
 - (a) Diagrammatic Sketches of Blowout Preventer Program
 - (b) Cementing Program
2. Surface use and operations plan, to which is attached:
 - (a) a rig layout and location plan
 - (b) an area map
 - (c) a vicinity plat showing roads
3. List of Formational Tops
4. New Mexico Oil Conservation Commission Form C-102.

Should additional information be required, please advise.

Yours truly,

J. A. Morris

Regulatory Engineering Supervisor
