If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Cotton Petroleum Corporation has elected to halt further drilling activity on the above referenced well. Surface casing has been set @ 293', per Sundry Notice dated 11-5-81. The rig was released after the casing was cemented. The casing shoe has not been drilled out. Cotton Petroleum has asked Thelma Howard, the surface owner, if she is interested in using this wellbore for a possible water well in the future. She will make her decision by December 31, 1981. If she does not elect to use the well for water, then Cotton Petroleum will abandon the wellbore, per your procedure.
