If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Dugan Production Corp. is in the process of acquiring operation of this well from Nassau Resources. We anticipate this assignment will be made in less than 60 days. When this is accomplished, work will immediately begin to return the well to production. Previous correspondence with Nassau indicated that plugging plans would be submitted by February 1, 1994. It is requested that this deadline be cancelled.
