13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

We request approval for temporary abandonment. This well has rods and pump in the hole. This will be pulled within 90 days. If we feel we can produce the well, we will. A meter hookup is still on location. If production cannot be obtained, then the well will be plugged. A Sundry Notice will accompany this procedure.

*This well has had no reported production in 10 years. You are granted 60 days to return the well to production or plug & abandon. If A's need to be approved prior to field operations. This office will be notified within 24 hrs of the well being returned to production.*

14. I hereby certify that the foregoing is true and correct
