RE: Change of Pool Designation  
Marcus A-4  
NE/4 Sec. 18-T23N-R6W  
Rio Arriba County, New Mexico

Dear Earnie,

This letter is to request a revision in the pool designation of the referenced well from the Lybrook Gallup to the Counselors Gallup Pool. As you will notice on the attached map, the referenced location is within 2500' of the Marcus A-3 which is designated as a Counselors Gallup Pool well. Additionally, there are no other wells in Section 18 at this time.

Your prompt handling of this matter would be greatly appreciated as we plan to spud on or before June 20, 1989 and plan on communitizing the E/2NE/4.

Thank you for your cooperation.

Sincerely,

  
W. J. Holcomb
