Dear Mr. Oil Company:
I am writing U. S. National Center

Re: Oil Wells

Two wells, Jicarilla No. 1, located at 1-23-2 and Jicarilla No. 2,
located at 1-23-2 have been drilled and are ready for production
as of August 12, 1964.

The Oil Wells are now being drilled with the New Mexico Oil Conservation
Commission in mind, and we are not sure whether to produce these wells.

I am writing.

Yours very truly,

EL PASO NATURAL GAS COMPANY
