Attn: Mr. M. E. Jones

Dear Sir:

On August 2 we received Form C-110 and C-104 relative to your #1-9 Benn well located in Section 9-23N-7W. Although we had previously received a copy of Federal Notice of Intent to Drill we had never received Form C-128 showing the well location and acreage dedication. We have also not received Miscellaneous Reports on drilling progress.

We are therefore holding your allowable on this well pending receipt of the above information.

Yours very truly

Dear Sirs:

On August 1, we received Form O-110 and O-104 relative to your 11-5 hole well located in Section 2-23N-7W. Although we had previously received a copy of Federal Notice of Intention to drill we now have received Form O-110 showing the well location and average location. We have also now received Federal Miscellaneous Report on drilling progress.

We are therefore holding your checkable on this well pending receipt of the above information.

Yours very truly
