Dear Mr. Arnold:

H-9-23-7
On the 15th of August I filed a Form C-110 on our Benn 1-9 well authorizing a change of transporter to McWood Corporation. It was my understanding at that time that oil from this well would be transported through the McWood pipeline. I later found that the Benn 1-9 well was not connected to the McWood system. I would therefore like to leave the authorized transporter as Lamar Trucking Company and have enclosed a new C-110 to this effect.

I am sorry for the inconvenience which this has caused.

Very truly yours,

Lewis C. Jameson
