*Dear Sir:*

*We have received two copies of Federal Notice of Intention to Drill pertaining to your #1 Cabezon Federal well located in the NE $\frac{1}{4}$  Section 26-17N-3W.*

*You have not indicated that it is your intention to set and cement surface casing. Our rules require that surface pipe be cemented on all wells. On a well of this depth in this area we would require that surface pipe be set at least 30' into solid bedrock and cemented to the surface.*

*We are also enclosing several copies of Form C-128, Well Location and Acreage Dedication Plat. The plat that you have submitted with the notice will suffice insofar as the well location is concerned; however please spot your well on this plat and outline the acreage to be dedicated and answer the questions regarding ownership. The plat should be signed by you in the space provided. It will be unnecessary that it be signed by the surveyor.*

*Yours very truly*
