Dear Caswell:

Reference is made to your letter of February 1, 1957 regarding the F. F. Kelly #1 State in Section 32-18N-4W. After plugging back this well was released to the landowner for conversion to a water well; therefore I believe it would only be necessary for you to contact the landowner to secure permission to go back into the well and condition it as a water well. It appears to me that the landowner would probably welcome such a move on your part.

If we can be of any further service, please let us know.

Yours very truly
