Mr. Emory C. Arnold
New Mexico Oil Conservation Commission
120 East Chaco
Aztec, New Mexico

Dear Emory:

With reference to the Plymouth Oil Company, F. F. Kelly State #1, Section 32, Township 18 North, Range 4 West, thank you very much for the plugging report you so kindly furnished me.

As you can guess, we were considering the use of this well as a source of water for drilling purposes on a nearby location. I was by the well the other day, and there was just a wooden tree trunk in the top as a plug.

Could you advise me as to what kind of request and reports your office would require if I should go back into this well and condition it temporarily as a water well.

Yours truly,

Caswell Silver
