Re: Drilling Operations in San Luis-
Mesaverde Pool, San Juan
County, New Mexico

Dear Sirs:

The Notice of Intention to Drill for two wells in subject pool indicates that each well is identified as Hollins-Dodgen #1. Rule 103 of the enclosed copy of the "Rules and Regulations" indicates that each lease and well shall be identified differently.

Your Notice is not specific relative to cement on the production casing. Rule 107 requires all cementing to be accomplished by the pump-and-plug method.

If we can be of assistance, please contact us.

Yours very truly
