Mr. Emery C. Arnold,
Supervisor District #3
1000 Rio Brazos Road
Aztec, New Mexico

Dear Mr. Arnold:

We are enclosing forms #9-331a showing our plans to abandon and plug our Spencer Federal, well #1.

This well doesn't produce enough oil to be profitable and it is almost impossible to get anyone to pump well to make it commercial.

Between the time it was shut down for the weather, someone had run off the oil that was on hand and there is approximately 30 barrels of oil left.

We will appreciate it if you will approve the enclosed application to plug and please send us some more forms to fill out, as we are completely out at the present time.

Thanks very much.

Very truly yours,

J.W. Holmes
