Gentlemen:

As attorney for two Denver gentlemen who recently purchased an overriding royalty interest in a federal lease in Sandoval County, N.M., I seek your aid in determining what activity has taken place on said lease.

My clients were notified by the seller that a producing well was brought forth there five days ago. They have great doubts as to the authenticity of the information.

The description of the lease is as follows:

Serial No. SF 079535. N $\frac{1}{2}$, of Section 6, Twp. 21N R4W
N.M.P.M., Sandoval County, N.M.

Any information as to the above would be sincerely appreciated.

Yours truly,

Leo Zuckerman
