Re: Abandonment Stromberg 6
Section 34, T-23-N, R-3-W.

Dear Mr. Arnold;

I had Bob Shingler contact your office with regard to the above well and he informs me that he obtained your approval. I know that certain forms are necessary and I would greatly appreciate your forwarding such forms which I will make out and return to your office.

The total depth on the well was 2017 feet and 85 feet of surface was set. No log as made as total depth was never reached.

Very truly yours,

Douglas E. Florance
