Re: Jicarilla Tribal Lease No. 45,  
Well No. 1, Sec. 19, T-23-N,  
R-4-W, Sandoval County, N. M.

Dear Mr. Arnold:

Reference is made to your letter of October 8, 1957, in which you state that Notice of Intention to Drill Jicarilla Tribal Lease No. 45, Well No. 1 in Section 19, Township 23 North, Range 3 West, was filed January 11, 1956, and that no subsequent reports were filed.

The location on the Notice of Intention to Drill was erroneously listed as Section 19, Township 23 North, Range 3 West, whereas it should have read Range 4 West. Jerry W. Long, Acting District Engineer for the U. S. Geological Survey at Farmington wrote the New Mexico Oil Conservation Commission at Santa Fe (copy to Aztec) on January 16, 1956, advising them of the correction.

Would you kindly recheck your records under the correct location, as according to our files all the required notices have been submitted on this well. Please advise further if you find that there is anything additional we should supply.

Yours truly,

*Caswell Silver*
